Wine Destroyed and Fines Paid

Grocer Drops Dead Wednesday Afternoon at Feters Springs

Celebrated 76th Anniversary of M. E. Church Monday

DIDIER VEILLEUX SUCCUMBS TO HEART ATTACK

James Moore, of the Shamrock Inn, Is Arrested After Selling Drink to Deceased Man.

Didier Veilleux, who conducted the little Midway grocery store at Feters Springs, dropped dead on the road near his place of business Tuesday. Passersby, including Leslie Perkins and Frank Barnstorf, picked up the stricken man and notified Deputy Sheriff Ryan. It was apparent that Veilleux had been drinking heavily and as he had come from the road house conducted by James Moore, across the street, Moore's place was investigated. It developed that Moore had served jackass brandy to Veilleux and liquor was found on the premises. The deputy sheriff thereupon arrested Moore and brought him to Sonoma pending further inquiry. He was charged with illegal possession of liquor.

An inquest was immediately held by Coroner Phillips in the Veilleux case but the inquest findings in no way connected Moore with the death, which was attributed to chronic myocarditis.

Moore plead guilty to the liquor charge and chose a 150-day sentence in preference to a \$300 fine imposed by Judge Small. He is the same man whom the authorities sought to connect with the tragic death of George Bruns.

Veilleux was a Frenchman who had been in business at the Springs for several years. He is said to have one time been in the employ of the French government and was an authority on submarines. He had a wife and son residing in San Francisco but is said to have been legally separated from his wife. Deceased was 57 years of age.

DEATH OF YOUNG GIRL

Olive Lund, 12 year old daughter of Mr. and Mrs. J. Lund, died here Wednesday following a spell of rheumatism, which went to her heart. Deceased is mourned by devoted parents and many young friends. Her illness dated back to September of last year.

B. Mori and J. Cazes are Arrested for Violating Wright Act. Judge Small Fines Each \$250.

The first arrest in Sonoma city under the Wright act was made by Deputy Sheriff Joe Ryan Friday of last week, when the officer raided the premises of B. Mori on the west side of the plaza, and after seizing 15 gallons of wine and a bottle of brandy, charged Mori with violating the State prohibition act. The wines and liquor were taken to the office of Judge Lester Small, local Justice of the Peace, before whom Mori appeared and plead guilty. Judge Small promptly fined defendant \$250 and ordered the seized wet goods destroyed.

Tuesday, Deputy Sheriff Ryan visited the restaurant of J. Cazes at Feters Springs and there seized several bottles of wine and liquors. Cazes was brought to town and charged with illegal possession of the liquor. He entered a plea of guilty and Judge Small made the penalty a fine of \$250 as he did in the case of Mori.

On Tuesday evening at 5 o'clock, Sonoma had its first public exhibition of the destruction of seized liquor. Deputy Sheriff Ryan called at the office of Judge Small where the contraband goods had been placed under lock and key. It was delivered up to the officer who loaded it into his car and conveyed it to the Clew bridge where red and white wine and moonshine were dumped into the creek. Ryan was assisted by J. B. Small and Ralph Buchan and others in loading

the keg of wine, demijohns and bottles into his car. Accompanied by witnesses, Judge Small and a crowd of onlookers, the officer repaired to the place of destruction where bungs and corks were pulled. The bottled goods were hurled by Ryan against the stone retaining wall of the bridge and broken into countless fragments. Missing his aim in a couple of instances, Ryan saw several bottles fall into the water and defiantly bob to the surface. These were fished out and also destroyed.

The crowd of on-lookers was made up of an admixture of town people of various opinions in regard to the procedure. There were the officers of the law, bent on doing their duty. There were ardent 'drys', rubbing their hands with profound satisfaction at the punishment being meted out. There were foreigners in the crowd looking askance at the whole proceeding with plain disapproval of the performance, and native born Americans who openly branded the breaking of bottles and spilling the wine as evidence of national intolerance and fanaticism. All agreed, however, that it was the law and the officers declared that all violators could expect similar treatment.

Judge Small has already gone on record for \$300 fines in his court and is said to be determined to stop bootlegging in Sonoma township.

Senator Slater on Mission Centennial

Senator Herbert Slater, who has always been an ardent admirer of the romance of early California history and has a proud record in securing state appropriations for our landmark, is enthused at Sonoma's coming Mission centennial. An article from his talented pen appeared in a recent issue of the Press Democrat and is reproduced here as showing the splendid spirit being awakened among our neighboring cities.

Next Fourth of July is to be a day of days in Sonoma. It will commemorate the founding of Mission San Francisco de Solano there 100 years ago.

It is right and proper that the centennial of the Mission should be observed with pageantry and distinction in the city of Sonoma, the scene of so much of the early and important history of California. There is so much of romance and interest about it all that its portrayal lends enchantment.

The people of Sonoma are early bestirring themselves with preparations for the all important Fourth of July in their town, when the Mission becomes 100 years old. They are planning for a pageant that will befit not only the Founding of the Mission but will also portray other striking historic events that have occurred in and about the old Plaza in Sonoma, including the raising of different flags representing other governments and our own Stars and Stripes. Page after page could be written in unfolding one of the most romantic stories ever penned in an effort to detail the many

incidents in the early history of California connected with Sonoma, her Mission and her Plaza.

The plans to date for the Mission centennial outline a most elaborate and colorful pageant which, of course will be the principal feature of the celebration. There is no question but that this pageant can be made one of the most striking productions typifying the founding of the Mission and the other incidents referred to.

It occurs to me that the Mission centennial should not be left only to the loyal people of Sonoma to carry out, but that all of Sonoma county should aid to fittingly observe this great day. It is gratifying to know that at a recent meeting in Sonoma representatives of the Chambers of Commerce and other organizations in Santa Rosa, Petaluma and elsewhere were present to again assure the Sonoma people of their support.

There is no doubt but that this event can be made to stand out as a crowning glory of pageantry in California. It is very properly planned to consult such experts as John O. Groarty, author of The Mission Play; Mr. Reid, who staged the '49 pageant in Sacramento, Wilbur Hall of Sausalito, famous as a pageant director, and others so that the best conception of the Mission pageant can be secured.

Hats off to the men and women of Sonoma whose heart and soul is in the commemoration of the founding of the Mission in Sonoma on July 4, 1823.

The celebration will not be confined

CLERGYMEN HERE FROM NUMBER OF NEIGHBORING CITIES

Founding of Protestantism North of San Francisco Bay Was Occasion of Fine Celebration.

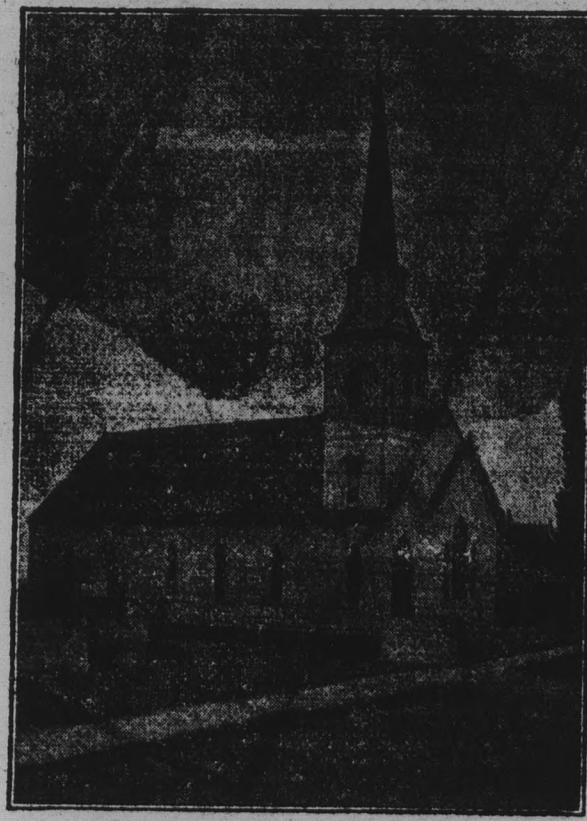

The First M. E. church of Sonoma which was established in 1849, celebrated Monday the 76th anniversary of the founding of Methodism in Sonoma and all of the Protestant church north of San Francisco bay. During an era when thousands were seeking gold and fabulous fortunes, this church was founded in old Sonoma. Impressive services were held throughout the day. Dr. E. P. Flegal presiding.

Dr. Isaac Cookman of the Congregational church delivered the fraternal greeting to the visiting clergy. Dr. Cattermole ably presented the High School Group and Problems, and the address by Miss Morse on the work of the Industrial Farm was one of great interest.

On adjournment at 4:30 p. m., an auto excursion was made to the new high school and the Industrial Farm for women. Resolutions endorsing the farm were later passed by the visiting clergy.

The ladies of the local church served a splendid supper at 6 o'clock and a public rally convened at 7 o'clock. Dr. Flegal delivered an able and impressive address on Abraham Lincoln, the ideal American. The historians of the evening were Drs. Brown of San Rafael and Lloyd of Petaluma, who proclaimed the heroic past as a priceless heritage.

Dr. F. A. Keast of Santa Rosa gave an eloquent portrayal of sacred shrines, culminating in the betrayal, condemnation, crucifixion and resurrection of the Christ, a sermon of unusual power.

SONOMA M. E. CHURCH

to the Fourth of July. It will start four days prior to the nation's birthday. It will begin auspiciously on Saturday evening, June 30, and the grand finale comes at midnight on the Fourth of July. Present plans are for the production of the pageant Sunday, July 1, and again on July 4. Publicity already given the coming event indicates that it will be the greatest affair of the time in California.

Mrs. Shirley Weise was soloist of the evening, while the Petaluma male quartet was a delight to all.

Sonoma's M. E. church will be remembered by old timers as located on Napa street east of the Grammar School.

The present pastor, Rev. Stephen Crowe, is a genial and scholarly gentleman, former pastor at Alameda and at Ione.

T. R. Skillington sold to R. A. Dutil seven acres of land adjoining the Dutil property on Riverside Drive, El Verano, though the real estate office of T. H. Baines. Mr. Dutil will set out a prune orchard on the newly acquired property.

The announcement that the Sonoma fire ladders are to hold a dance on St. Patrick's Day, March 17, is good news to our young party-going people. Chief Jap Valente is working hard to make the affair a success and his many friends are boosting the coming ball.

An S. P. train de luxe composed of Pullman cars and diner, passed thru El Verano the latter part of the week with 100 retail lumber dealers from Ohio, who were on a business and pleasure trip through California, principally to inspect the vast lumber forests in Eureka and Humboldt coun-

ty. William Cummings, N. W. P. traffic manager and former Schellville agent, personally conducted the Ohio lumbermen's special into the redwood district and back to San Francisco.

Last Saturday night while John Dowdall was returning from Napa, a motorist ran into his new Chevrolet car, taking the hub cap from the front wheel. Owing to the fact that John is a crack driver, he averted a real accident. The stranger stopped and gave assistance.

Mrs. Austin Moore was here Sunday from Vallejo visiting her mother, Mrs. Pilastre, who was seriously burned a few days ago by a gasoline explosion. The patient, who is under the able care of Dr. A. M. Thomson, is doing as well as can be expected, but suffers considerable. Her many friends hope for an early recovery.

The young men of our town, headed by Paul Verdier, are organizing a social and athletic club. A gymnasium is being fitted up at the Verdier home and soon the bang of the punching bag, the flying of gloves, the swinging of clubs and all that goes to make a real training place will be a reality. This hotel is one of the finest in the valley and many Eastern tourists have already made reservations for the vacation months.

The last heard of Belle Brandon, whom our wide awake Vineburg correspondent mentioned in last week's items, was from far away Rhineland. When the late war broke out, Archie McKiver and the sweet writer cast their lots with Uncle Sam in the world war, the writer going to the ship yards to work on diving submarines far down under the waters of San Francisco bay, while his fair assistant sailed away to help care for the wounded soldier boys. The pretty Belle always had a soft spot in her heart for Easy Jim and will some day be back with us again. There were the good old days, Easy Jim. There was no little Volstead act then, and we were all free. Let's hope they will come again soon.

Beginning Sunday, March 18, a double train service Sundays will be put into effect on the Santa Rosa line. The S. P. Company will run the extra passenger train on Sunday only, making a two train service each way on that day. Recently a large petition was sent in from Santa Rosa, Kenwood and Sonoma Valley, asking for better train service. At that time the company could see no reason for changing their present schedule of a daily four trains each way, passenger service. It is now up to the traveling public to show their appreciation of extra Sunday service by riding on the railroad trains and encouraging them, so that when business increases the train service of pre-war days will again be run over the Santa Rosa branch.

Although good will is given no
consideration in the corporation state-
ment, the Sun Garden Brand has
been successfully distributed through-
out the United States, and with the
addition of other varieties of canned
foods under the Sun Garden brand,
the distribution will be rapidly wid-
ened.

The Men Behind the Company

G. Ritz, President.
Mr. Ritz has lived in Sonoma, Cal.,
since 1905, where he owns and op-
erates a very successful ranch and
where he is well and favorably known.
His first experience in the canning
business was acquired in 1914 when he
operated a small but highly success-
ful cannery in Sonoma. He started
the McHenry Cannery in 1919, which
has grown under his able supervision
to its present proportions. Mr. Ritz
is regarded very highly in Sonoma
county, and his intimate affiliation
with the company is a guarantee of
success. Mr. Ritz is a member of the
Sonoma Apple Growers' Association
and is a stockholder in several other
successful enterprises.

Vaughn Y. Bell, Vice President, in
charge of finances.

Mr. Bell is a resident of Modesto
and the senior member of the firm
of Bell-Salterbach & Company, with
offices in San Francisco. Mr. Bell's
business experience has been along
sales and financial-organization lines.
Prior to coming to California, he was
associated with the Buda Company of
Chicago with offices in New York
City. He was connected subsequently
with the United States Steel Corpora-
tion and the Standard Steel Car
Company. He also served 22 months
in the Ordnance Department of the
United States army. Mr. Bell, as well
as being vice president in charge of
finances of the Sun Garden Canning
Company, is also a heavy stockhold-
er in the company.

**Investment Analysis of the Sun
Garden Canning Company**

In analyzing the estate of the late
J. P. Morgan administrators found
less than 4 per cent invested in real
estate, less than 5 per cent in bonds
and more than 90 per cent in stocks.
Morgan practiced what he preached:
"\$100 properly invested has the earn-
ing power of six average men."

But the investor's problem briefly is
this: The new hatched, unfledged pro-
position may have a tremendous po-
tential profit, but it lacks safety. Yet
usually, if the investor waits for ab-
solute safety, he can expect but from
1 to 6 per cent on his money.

The ideal investment for the aver-
age man is a business that has min-
imized risks by a period of successful
operation; where the management has
proven its efficiency; where financial
condition is sound and money is
sought for expansion purposes only
and not for the payment of already in-
curred obligations; and yet which is
but beginning its period of greatest
growth. Such a business can offer a
guaranteed reasonable return, a high-
ly probable great return and a min-
imized element of risk.

Sun Garden Canning Company falls
distinctly into this class. Nothing
succeeds like success and the Sun

Garden Canning Company is a suc-
cessful institution. It has operated
at a profit over a period of four years
two of which stand out as unparallel-
led poor years in the canning indus-
try.

Growing, packing and distributing
food stuffs is a staple business. Each
day \$49,000,000 are spent for food
stuffs in the United States. Thirty-
eight cents out of every dollar goes
for food products. Today, the mar-
ket demand for canned vegetables
and fruit is an outgrowing production.

Because of the nature of its busi-
ness, its successful history and its
present statement, showing a 54 per
cent profit last year, on its paid-in
capital of 1919, we recommend Sun
Garden Canning Company Preferred
with one-fifth Common Stock bonds
as a worthy investment for our cli-
ents.

EXONERATED EMPLOYEE OF THE STATE HOME

Following a personal investigation
of the case, Edward G. Twogood, act-
ing director of the state department
of institutions, recently issued a state-
ment absolving F. F. Ashton, San
Francisco young man and former em-
ployee of the Sonoma State Home at
Eldridge from all blame in connection
with a charge made by a girl inmate
of the institution that Ashton was re-
sponsible for her condition.

Ashton, who was a non-civil service
employee, was discharged by F. O. But-
ler, medical superintendent of the
home, after the girl had pointed out
Ashton from among other employees
summoned before her and Dr. Butler.
At the same hearing Ashton said a
boy inmate admitted relations with
the girl. The discharge was made
"for the good of the morals of the
institution."

Ashton then came to Sacramento
and demanded a complete investiga-
tion of the matter for the purpose of
clearing his name. Twogood made a
special trip to Eldridge to personally
probe the case.

The report of the director of his
findings follows:

After a thorough examination into
the charge made against F. F. Ash-
ton, a former employee of the Sonoma
State Home, by a young woman in-
mate of the institution, I am convin-
ced that Ashton is not responsible for
the girl's condition.

At this investigation, evidence was
brought out that was not produced at
the time Dr. Butler conducted the
hearing of the charge against Ashton.
No doubt, had Dr. Butler been given
more time in which to conduct his in-
vestigation, this evidence would have
been produced; but the parents of the
girl insisted upon an immediate hear-
ing, with the result at that time that
the responsibility seemed to be placed
on Ashton.

However, as indicated above, I am
pleased to be able to state that from
my inquiry into the matter it is my
firm conviction that neither Ashton
no any other employee of the Sonoma
State Home is guilty of the charge
made. I trust, injustice to Mr. Ash-
ton and his family, that the press will
give the same publicity to this state-
ment that it did to the one made by
him.—Sacramento Bee.

GOVERNOR RICHARDSON, HOLD YOUR GROUND

Governor Richardson has carefully and conscientiously prepared a budget and given out a budget message which commends the complexion of his administration to every fair minded, well posted citizen in California. Since he has gone into the affairs of State so deliberately and thoroughly with the prime objective of reducing expenditure, we most certainly want to see him stand his ground and will be one California newspaper to support his program regardless of extraneous influence or criticism. Governor Richardson has shown that he is not influenced by any political expediency; that he has, regardless of his political future, made it his business to find a way to cut the cost of State government. Perhaps the experiment will not be to the liking of the people when it has been tried out, and that the present Board of Control will ultimately be superceded by the spenders, but while Richardson is on the job we bespeak for this fearless friend of the people "a fair and sympathetic trial." His carping critics do not want to grant his efficiency and economy program any such trial. They assail from the outset his detailed plan of reduced expenditure, seemingly forgetting that Richardson is no stranger to State affairs and is the one man in California who knew what he was about when he took the pruning hook in hand and began to slash into the rank growth which previous administrations had propagated. The rank growth had made California top-heavy with debt and there was such a lot of underbrush and poor timber cluttering up official life that a healthy financial condition under the circumstances was impossible. Taxpayers, conscious of conditions, groaned; open minded newspapers protested; and finally came Friend William Richardson to bring order out of chaos and halt taxation, fast approaching a point of actual property confiscation.

Richardson is on the right track, but powerful and appealing sidetrackers are hot on his trail. Foremost

among them is the generalissimo of State education, who does not believe that the Governor can hold his economy ground under the barrage of intellectuals posing as the only accredited friends of the people. Education is to be encouraged at all times, but must keep pace with the people's ability to pay. It is not morally or economically sound to rear a people in the belief that there is no limit to expenditure. Education must not exert the paternal influence of an octopus and fasten itself on us to the sacrificial point. If education make a too great drain on the body politic, it should bear its rightful share of retrenchment. Beyond the point of co-optating, to suggest and point out the most feasible plan of cutting out or holding in abeyance certain educational programs, the schools should not now be heard. Most certainly they should not set in motion propaganda to defeat the wishes of the people to economize. Our citizens have done wonders for the schools. It would be becoming now for the schools to do something to lighten the burdens of the people who have put the task of easing up the load they have been carrying in the hands of a wise Governor.

The propaganda which education can set in motion to pull Richardson down is a formidable one. Teachers, pupils and parents can all be lined up to storm the capital. The pressure will be a test of strength worthy of a Gibraltar.

From another direction the club women and social workers of the State are out to drive Richardson from his citadel of economy and force him to surrender his principle for their tax-eating schemes camouflaged with Magdalenes and kindred flotsam. We have confidence in Richardson that he is amply fortified with facts and figures and will not budge from his determination to free California from onerous taxation; that he will refuse to revise his well thought out plan of reducing the State expenditures with which he became so familiar while handling public funds as State Treasurer. The Governor is a competent strategist and we are running no risk with him on the job.

SUN GARDEN CANNING COMPANY MAN HERE

Support of Entire Community Strongly Solicited for Growing Enterprise

That considerable local capital will be invested in the Sun Garden Canning Company, the thriving corporation headed by George Ritz, is already forecasted by the interest this community is taking in the campaign.

In addition to Fred Batto, for some time a heavy stockholder and C. S. Cutter and R. L. Watt, who have also been interested financially for several years, other influential local men are backing Sun Garden.

Several parties are being organized to drive to Modesto to inspect the Mc Henry plant which is being put into shape to pack 200,000 cases and to view the San Joaquin county ranch of the Sun Garden corporation, on which the spinach crop for its own pack is now being raised.

Mr. Thompson, representing Bell-Salterbach & Co., is much pleased with the reception which he has met in this territory and attributes it to the fact that this corporation is offering two things which are quite unusual. In the first place Mr. Thompson points out that this additional financing is solely for the expansion of a sound and thriving business which has never failed to show a yearly profit, and in the second place the efficiency and honesty of the management is guaranteed by the fact that the control of the board of directors lies entirely in the hands of local men of unquestioned ability and integrity who have spent a large part of their lives in Sonoma.

S. V. IMPROVEMENT CLUB DANCE TONIGHT

Tonight at Feters Springs, to the strains of Nimpfer's orchestra, the Sonoma Valley Improvement Club and their friends will trip the light fantastic at their new club house. Everybody welcome.

VINEBURG NEWS

The gentle zephyr that floated over the valley last Sunday night succeeded in uprooting several large gum trees in this vicinity.

Mr. Werth, our enterprising grocery merchant, intends to install a meat market in his store here and carry a full line of fresh meats at all times.

The many friends of Frank Rhode will be glad to hear that he is recovering nicely from his recent accident.

The hatching season is now on and all the hatcheries are now working full capacity and report good results so far.

A merry party started on last Saturday for a trip to the summit of the Sierra Nevada. The party included Fred Batto, Albert Groskopf and wife, Mrs. Leona Batto, Miss Evelyn Batto, Frank Batto, and Herbert John Batto, and for four days enjoyed the beautiful scenery in that Switzerland of America, as it appears when clad in its winter mantle. All kinds of fun in the snow banks was indulged in and the party had a taste of a good old fashioned Eastern blizzard on Saturday night and Sunday when the wind blew at the rate of fifty miles an hour with snow and sleet. All report a good time and returned home Wednesday. Several people intend taking a trip to the snow country before the season is over.

Miss Gladys Small and Miss Geraldine Moranda of Sonoma were visitors in this vicinity on last Thursday.

HEARTS WERE TRUMPS

The music, by a Napa county orchestra was par excellence. At midnight the hospitality committee dispensed delicious refreshments. The Native Daughters are much pleased at the success of the affair.

BEAUTIFUL DANCER IS BRIDE

Among newcomers to be warmly welcomed into the Navy set at Vallejo is Lieutenant and Mrs. J. F. Finnigan. Mrs. Finnigan is a bride of last year and was pretty Miss Lorraine Wise, the dancer, niece of Mrs. James Tate of Sonoma. Miss Wise danced here at an affair for the Woman's Club and created quite a furore with her beauty and grace.

At a bridge party and dance given recently in Vallejo, Lieutenant Finnigan and bride were guests of honor, together with Lieutenant and Mrs. Edward Duane. The affair is reported as follows:

Lieutenant and Mrs. Edward Duane and Lieutenant and Mrs. J. F. Finnigan were complimented at a gay party in the home of Mrs. Madeline Wood, where guests bade farewell to the Duanes and welcomed Mrs. Finnigan, a bride of several months, but a new resident of Vallejo.

Bridge filled the early hours of the evening, and dancing followed with an appetizing supper at midnight.

Lieutenant and Mrs. Duane are leaving for the East coast, where Lieutenant Duane has been ordered to service after two years here, and Lieutenant and Mrs. Finnigan have joined the navy colony here, being comfortably established at the Sevel Apartments.

Dr. Finnigan's bride is a charming young woman, formerly Miss Lorraine Wise of San Francisco. She is a talented dancer, being for several years a professional, and a warm welcome was accorded her by Dr. Finnigan's host of friends. The ceremony was performed last May in Stuisun and Dr. and Mrs. Finnigan have kept the event a secret through the intervening period, only a few of their nearest friends being apprised of the nuptial event at that time.

THE BRIDGE CLUB

Sonoma Valley members of the Bridge Club met at the home of Mrs. Henry Wicker last week and as usual were treated to some original touches in addition to the hospitality always accorded by this gracious hostess.

Mrs. Wicker made the most of the Valentine season by carrying out the Valentine idea in table decorations and in favors. The spring-like daffodils lent charm to the drawing room where twelve players vied for bridge honors, the prize falling to Mrs. R. L. Watt, who won a beautiful piece of hand painted china.

Guest players were Mrs. Mary Shaw, Miss M. Burchard and Mrs. Smith, mother of Mrs. Will Clewe. The latter guest has recently recovered from a painful accident and her presence was much appreciated.

SPENT HOLIDAY HERE

Harry M. Lutgens, accompanied by his wife and little daughters, motored down from the state capital to spend Lincoln's Birthday in Sonoma Valley with home folks. Mr. Lutgens is secretary to Governor Richardson, and is located at Sacramento, where he has purchased a pretty bungalow home.

CELEBRATES BIRTHDAY

Frances Knight, daughter of Mr. and Mrs. Howard Knight of Schellville, celebrated her birthday and Valentine's Day all in one at a party on Feb. 14th. A beautiful birthday cake, decorated by Mrs. Charles Potter, was enjoyed by the little folks at the party.

AT THE WOMAN'S CLUB

Friday, Feb. 16th was the date of Petaluma Reciprocity Day at the Sonoma Valley Woman's Club. The Petaluma Club furnished the program. Presiding at the meeting was Mrs. M. Golton with Mrs. Agnes Denny as hostess.

Mrs. Douglas Church, who is making her home with her daughter, Alice in San Francisco, motored up Sunday to visit relatives.

IS PLEASING HOSTESS

Mrs. George Samuel, of Boyes Springs, is prominent in civic and social affairs centering around the popular resort. Her home is often the scene of congenial gatherings, one recently being a birthday dinner party given to Chief W. B. Cause. Mrs. Samuel is always a vivacious and hospitable hostess.

FAREWELL PARTY

A farewell party to Mr. and Mrs. Mitchell, who are leaving for Los Angeles, was given at the hospitable home of Mr. and Mrs. Charles Potter Tuesday evening. In addition to members of the Jolly Twelve Club, Mr. and Mrs. P. Dierx were present and congenial company of neighbors and friends enjoyed an evening long to be remembered.

Mrs. Clements, Sr., enjoyed a visit with her son, Will, and family, at Harold Pauli, made a trip to the city Sunnyvale.

TO GIVE CARD PARTY

The charming "school marm" of the Sonoma Grammar School will be hostesses at the 500 party to be given Monday night at the Woman's club house for the benefit of the club. Card players are keen for the coming of this enjoyable evening and a large crowd is expected. Refreshments and dancing will supplement the playing of 500.

DODGE BROTHERS BUSINESS SEDAN

Dodge Brothers, with equal aptness, could have named it the Family Sedan.

In the first place, it is big and roomy—a five-passenger car that will really seat five adults in comfort. There is no space wasted on superfluous adornments. Every inch of body and chassis is put to actual use.

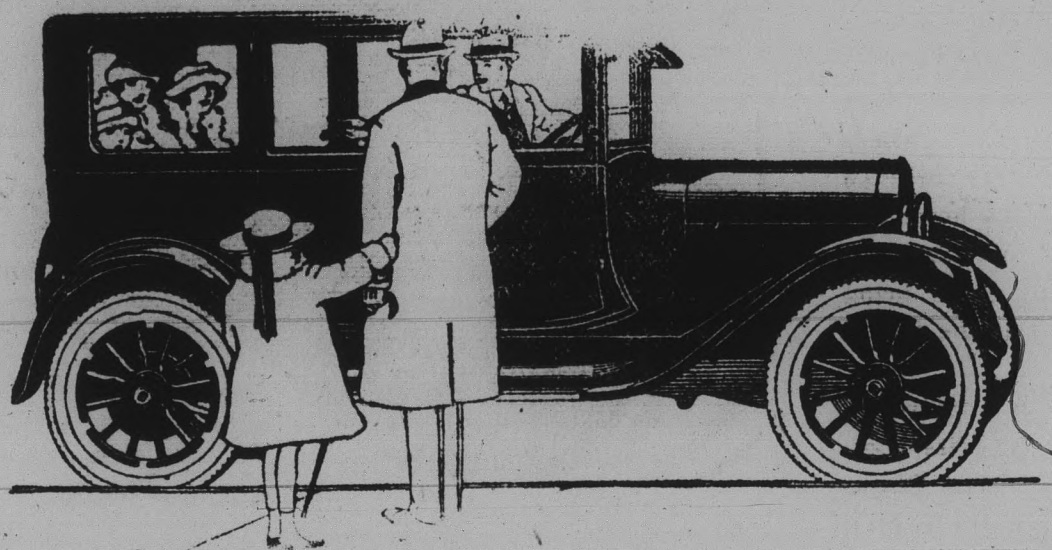

There are no delicate cloth furnishings to be soiled by the children. The seats are upholstered in durable and attractive blue Spanish leather.

There is no sensitive varnish to be easily scratched or finger-spotted. The body is steel-built—a new principle in Sedan design—making it possible to finish the exterior in Dodge Brothers even-baked enamel, the most durable finish known.

The rear seat furnishings come out—Instantly converting the rear section into a spacious carrying compartment—handy for carrying trunks, boxes and household luggage of all sorts.

Children can romp and play to their hearts' content in this car, and when cleaning time comes, you can turn the hose on it—inside and out.

URGES REMOVAL OF WOMEN PRISONERS TO SONOMA

Resolutions asking that feminine prisoners be removed from San Quentin to the Industrial Farm of Women at Sonoma and that work be begun at the latter place for dope addicts and other vagrants be continued were passed at a recent meeting of the Berkeley Public Spirit Club.

The club gave endorsement to the request for an appropriation of \$75,000 asked for the purpose of removing the women prisoners to the farm, and for an appropriation of \$100,000 asked for the proposed work with narcotic addicts.

Adoption of the resolutions followed an address to the club by Mrs. Anna L. Saylor, assemblywoman from the forty-first district. Mrs. Saylor made a plea for the Industrial Farm for Women at Sonoma and pointed out that a large majority of the 64 women now there are dope addicts. She declared that the institution has been operated under the direction of Miss Blanche Morse of Berkeley for a little more than one year at a cost of approximately \$63 per capita per month.

Mrs. Saylor referred to conditions in general in state institutions, and gave an account of the deplorable condition in which she found the women at San Quentin prison, where she declared some 56 women have been housed in quarters adequate for only 20. She declared that women should not be allowed at San Quentin at all, and strongly recommended that provision be made for them at the State Industrial Farm, in accordance with a bill introduced by Miss Miller, assemblywoman from Pasadena.

The dates for the Egg Day and Utility Poultry and Dairy Show for Petaluma were set for Aug. 16, 17, 18 and 19, at the meeting of the directors of the Chamber of Commerce last week. These dates were decided upon after a very lengthy discussion of all the elements involved, it being as yet uncertain whether the county fair will be held here or elsewhere. TAXES FOR COUNTY

ARE \$31.81 PER CAPITA

The average cost to each resident in Sonoma county will be \$38.81 in taxes for the year 1922-23, according to the statement issued Wednesday by State Controller Ray L. Riley, whose department has been busy for some time compiling data on tax burdens. Sonoma county's total tax bill for the year 1922-23 amounts to \$2,180,821.65. Estimating the population to be 56,190, the per capita cost is \$38.81.

According to Riley, the tax levy includes the general county levy of \$1,440,809.85 and a special and district county levy of \$498,127.91. The balance is made up of taxes for the city of Cloverdale amounting to \$7,643.86; Healdsburg, \$21,840.38; Petaluma, \$98,642.03; Santa Rosa, \$86,700.31; Sebastopol, \$12,893.72; Sonoma, \$14,163.59. These amounts according to Controller Riley, will be augmented by certain other receipts from different county sources and from moneys distributed to the different political subdivisions by the state, such as school moneys at the rate of \$30 per pupil; motor vehicle moneys collected in the county, one-half of which is returned for use on highways.

FIFTY SEALS AT THE

BOYES SPRINGS CAMP

Next Monday will see the first squad of Seals—mostly novice Seals—trekking for Boyes Springs and the spring camp of the San Franciscans. Jack Miller, who is due about that time, will have with him some 25 players, which is about half the full strength of the company, and will have as able assistants George Putnam, Charlie Graham and Dr. Charles Strub, who want to be sure that everything gets away to a good start.

The batterymen, including pitchers and catchers, will reach the Valley of the Moon a week later, and two weeks from Monday will find the last of the regulars reporting.

It had originally been planned to give the recruits their acid test at Recreation Park and behind closed doors but George Putnam, or whoever conceived that scheme, reckoned without his hosts.

Once the word went out that there would be a school of instruction for youngsters, everybody and his uncle wanted permission to work out with the lads.

Letters were received (and filed) from some 20 boys in the immediate vicinity of San Francisco who were and are sure they only need a tryout under the watchful eye of a baseball sharp to make good.

Ball players who go to other leagues, but want a chance to get a head start with their training, thought this would give them the desired opportunity and veterans of past seasons were included in the list who applied to the Seal owners.

"In self defense we had to move our youngsters to Boyes. It wouldn't do to have them working with a lot of experienced men and what is more we want to have them alone where Miller can handle them as he pleases. No interference and no onlookers," explained Putnam.

All told, there will be about 50 ball players at Boyes when the boys are there in full strength. That's a larger squad than most major league clubs have in the spring months. Of course, the squad can be cut rapidly for it will not take Miller any great length of time to weed out the undesirables from a baseball standpoint.—San Francisco Chronicle.
